About The North Texas Food Bank

The North Texas Food Bank is a top-ranked nonprofit relief organization, providing access to more than 190,000 meals each day for hungry children, seniors and families through a network of more than 1,000 programs and 200 partner agencies in our 13-county service area. NTFB supports the nutritional needs of North Texans through research, education, advocacy and strategic partnerships. In fiscal year 2016, NTFB provided access to some 70 million nutritious meals. While we are making steady progress toward closing the hunger gap, much work remains to be done to reach [NTFB's 10-year plan of providing access to 92 million nutrition meals annually by 2025](#). NTFB is a member of Feeding America, a national hunger relief organization.
