

*Be there. Volunteer when  
someone needs you the most.*

**A Shelter Hero is a volunteer who can enhance community resiliency by assisting their neighbors in disaster sheltering during major relief operations.**

Our disaster sheltering “ready reserves teams” provide an additional, necessary layer of support on top of local and national teams. Additionally, a Sheltering Hero volunteer is a temporary position to work in person in a Red Cross shelter before, during and/or after a disaster.

*Turn your compassion into action.*
